APPENDIX L
PUBLIC AGENCY AND EVENT-SPECIFIC WEBSITES

DAYTONA BEACH (FL) POLICE DEPARTMENT

Daytona Beach Area Residents and Visitors:

As the 2001 Special Events Season approaches, it brings with it a heightened level of public safety concern and awareness in light of the events of September 11th. Our world has changed in such a way that we must implement new safety and security procedures during events that draw large groups of people to our community. I would like to take this opportunity to explain some of the changes to safety and security procedures, so that people attending the events will not be surprised or alarmed by what they see.

First, the presence of uniformed law enforcement may be increased. Their visibility will be coupled with the noticeable change in the types of tools and weapons carried by some of those personnel.

Second, there is a likelihood that searches will be conducted of vehicles attempting to access locations where significant groups of people are gathered. These searches may include the utilization of k-9s and scanning or sniffer equipment to detect weapons, explosive devices or other dangerous items.

Third, people attending large events should anticipate bags and cases will be thoroughly searched prior to entry into the designated event venue. Certain items, such as large ice chests, will not be allowed. People arriving at event venues with prohibited items will be responsible for disposal or safekeeping of the items.

It should be expected that implementation of these measures may slow down the process of getting large groups of people into event venues before the event begins. Therefore, now more than ever before, it is important that spectators arrive early and be prepared. This preparation includes familiarizing yourself with the rules governing the event venue and items which will not be allowed into the event. Preparation also includes becoming familiar with traffic patterns and Safe-4-Soda opportunities. As in years past, local media outlets and event sponsors will disseminate this information well in advance of the event.

Effective February 4, 2002, a telephone line will be made available to allow persons to call and listen to a pre-recorded message addressing traffic and safety concerns. The number to call to access the message will be (386) 671-5125. Additionally, a hotline will be activated which can be used to report suspicious activity. This hotline will be monitored and the information passed on to an investigator for possible follow-up. The hotline number will be (386) 671-5237. This line is not intended to replace the Emergency 911 phone number.

The first priority of the Daytona Beach Police Department is your safety. Unfortunately, the implementation of increased security measures sometimes results in a loss of convenience. For this we apologize. However, creating an environment that allows you and your family the ability to enjoy yourselves, while removing fear and concern about security is our primary focus.

We wish you and your family an enjoyable experience and we stand ready to protect and serve because we are "Committed to our Community.""
PUBLIC SERVICE ANNOUNCEMENT

RE: The 2002 Fourth of July Fireworks Display

TIME: 9:00 PM on Thursday, July 4, 2002

The 2002 Fourth of July Fireworks Display will be held just off the Main Street Pier at 9:00 PM on Thursday, July 4, 2002. The display is scheduled to last approximately 25 minutes and will be fired over the ocean.

PEAK EVENT TIMES

Pre-Event 7:00 PM – 9:00 PM
Post-Event 9:30 PM – 10:30 PM

PARKING

Spectators waiting to watch the display will be directed to the parking lots located west of the Ocean Center. Other available parking includes the parking garage on A1A, just west of Atlantic Ave; and other lots located in the 90 Bishops of South Causeway Street and South Wild Olive Avenue. There will also be parking available around the Sfa Player Blvd area.

TRAFFIC FLOW

Traffic patterns shall be in place after the event in order to move effectively manage the natural flow of traffic.

Those spectators parked in the area south of Main Street will be encouraged to enter the International Speedway Boulevard Bridge to access the mainland.

Those who are parked in the area of Auditorium Boulevard will be guided to the International Speedway Bridge.

Those parked in the area north of Earl Street will be directed to the Sfa Player Blvd Bridge.

Those spectators entering from the Ormond Beach area and Port Orange area are encouraged to access the Granada and Granada Bridges respectively.

CITY OF CHICAGO DEPARTMENT OF TRANSPORTATION

Traffic Advisory

Taste of Chicago Opens
June 28, July 7, 2002

---TASTE OPENS---

Some food for thought for traveling to the Taste of Chicago.

The dinner bell opening the 2002 Taste of Chicago rang on Friday June 28th, at 11:00 a.m., and continues through July 7th. There are many great ways to get to this event. Here is a menu of ideas:

What is closed?

Columbus between Monroe and Roosevelt, Congress between Michigan Avenue and Columbus Drive, and Jackson from Lake Shore Drive to Michigan Avenue.

If I drive, where do I park?

The Millennium and Monroe Garages are right at Grant Park, with entrances on Columbus between Randolph and Monroe Parks for $10 for 12 hours.

NEW SHUTTLE SERVICE -- McCormick Place -

On Saturday and Sunday, Taste Shuttle service will operate from the lots on King Drive near 25th Street main entrance to McCormick West, and the 31st street lot off of Lake Shore Drive. The shuttles will run from one hour before and after the Taste, and offer an excellent alternative to park away from the front grounds and avoid congestion. Anyone running from the west can exit 3-55 at King Drive, and turn left into Lot A.

Can’t I just park at the Museum Campus?

With Soldier Field construction, Museum Parking is very limited and expected to be at capacity at most times with Museum visitors. See the free Trolley information and public transportation information.

Would rather leave the car at home?

CTA and Metra are the best way to reach the Taste. The Elevated stops at Washington and Adams, and the Red and Blue Lake stops at Jackson are within a 10 minute walk to the Taste. The Chicago Transit Authority will offer extended service to and from the Taste of Chicago. All buses will run from 9:00 a.m. to 7:00 p.m. from June 28 to July 7. July 3 service ends at 5:00 p.m. On the Metra/Milwaukee (green) route, service may vary daily.

Throughout the Taste, grim route radicals will operate about every 10 minutes. Your personal CTA, Pace, and Metra trip planner is a quick phone call away at (312) 939-3121.

As a daily commuter wanting to avoid any congestion around Grant Park due to Taste closure?

Traveling northbound on Lake Shore Drive, from the north, out of Michigan Avenue or Clark/Belmont, and drive south to theLoop and Clark, and enter the loop from the west to avoid Grant Park congestion.

Choppers remain through Monday and Tuesday, July 8th. Morning commuters can also avoid congestion by using Monroe instead of the more heavily traveled Washington from the Loop into the city.

For event and travel information including 24 hour travel times, weather, and e-mail bulletin visit www.citychicago.org/traveldept and AM 1600 for Lake Shore Drive travel information.

REVIEW

So again, what’s different this year?

1. A new free weekend shuttle service from the McCormick lot at King Drive and 31st Street, letting you avoid all congestions.
2. Limited parking at Soldier Field because of reconstruction, that will be filled most of the time with Museum visitors, to go directly to Millennium or McCormick on the weekends if you’re headed to the first or second.
3. Trolley service between Metra Stations and the Museum Campus is greatly beefed up during the entire Taste.

Visit www.citychicago.org/transportation Info for Trolley routes.

How do I get to the parking again?

Millennium and Monroe Garages are away from the Taste, and accessible from Columbus, between Randolph and Monroe. From Michigan Avenue or Lake Shore Drive simply take Randolph turning north on Columbus right into the garage. From the expressway system, take Ohio all the way to Fairbanks and South to the entrance. (Fairbanks turns into Columbus as you go south.)

McCormick, Lake

McCormick Place - On Saturday and Sunday, Trolley Shuttle service will operate from the lots on King Drive near 25th Street main entrance to McCormick West, and the 31st street lot off of Lake Shore Drive. Anyone coming from the west can exit 3-55 at King Drive, and turn left into Lot A.

And 36-7000 from any Chicago area code gets you public transit station information.

DTE ENERGY MUSIC THEATRE
CLARKSTON, MI

Directions & Parking

DTE Energy Music Theatre Location: Easily accessible off I-75 at
Sashabaw Road, in Clarkston, Michigan (Exit 92).

Click on the map above to enlarge.

Entrances: Two entrances off Sashabaw Road, north of I-75 and one
entrance off Pine Knob Road.

Alternative Route: Exit I-75 at Sashabaw Road and go south
approximately 100 yards to Walton Road. Go left (east) on Walton Road
to Pine Knob Road. Go left (north) on Pine Knob Road to DTE Energy
Music Theatre gates.

Parking Lot Policies: The parking lot opens at 6:00 p.m. for most shows
or 2 1/2 hours prior to a matinee show. Barbecuing is allowed on paved
areas of lot. No open alcohol on the lot. No re-admittance to the lot.
Parking for disabled guests is located outside the east entrance to the
facility.

Parking Fees: A $10.00 parking fee is added to each ticket purchase.

Drop-off Procedures: When dropping off a guest for a show, you may
enter any drive and will not be charged a parking fee. Drop off your
guest at Sashabaw entrance. When dropping off, the driver may stay in Aurora
Park during the show. When returning to pick up your party, enter the
property through the South Sashabaw Road Drive (closest to I-75). You
may enter the lot to meet your party at Aurora Park, or stay in the
South Drive near the cashier for easier exiting. We suggest you
arrive 30 minutes prior to the show ending to avoid outbound traffic.

DTE Energy Music Theatre (I-75):

I-75 traffic can access DTE Energy Music Theatre at exit 90 (Sashabaw
Road) from two different ways: First, I-75 traffic can follow Sashabaw
Road north to either South or North Drive. Second, I-75 traffic can
follow Sashabaw Rd. South to Walton Road, following Walton Road
(East) to Pine Knob Road.

DTE Energy Music Theatre (I-96):

Only two exits are available for traffic
to ingress the Pine Knob Rd. North
Drive and Pine Knob Road Drive. The
South exit, 52 and North exit must
exit North Drive to Sashabaw Road.
The South exit and VIP exits will exit
Pine Knob Road Drive. Following Pine
Knob Road to Walton Road to Sashabaw Road.

Lock Out/Jump Start

Lockouts, jumpstarts and assistance in
changing flat tires are provided as a
courtesy by either Waterford Towing,
Co. and/or Palace Parking Managers.

PNC PARK
PITTSBURGH, PA

How to get to PNC Park

When driving, enter downtown from any point, exit on the main street, and follow the signs for parking. The closest to the stadium is the West End Tunnel, which is located on the north side of the stadium. From there, take the 17th Street exit and follow the signs for parking.

Two types of parking are available: surface parking and garage parking. Surface parking is available in downtown Pittsburgh, and garage parking is available on the north side of the stadium.

From the North

1. Take the 17th Street exit and follow the signs for parking.
2. Take the 17th Street exit.

From the South

1. Take the 17th Street exit and follow the signs for parking.
2. Take the 17th Street exit.

From the East

1. Take the 17th Street exit and follow the signs for parking.
2. Take the 17th Street exit.

From the West

1. Take the 17th Street exit and follow the signs for parking.
2. Take the 17th Street exit.

These directions are subject to change depending on traffic conditions. For more information, please visit the stadium's official website.
